How is my rebate worked out?

Your rebate will be calculated based on your income, rates and the number of dependants.

The income eligibility for a rebate is **\$22,340**.

However, if your income exceeds this amount you could still be entitled to a rebate depending on the total cost of your rates and the number of dependants.

Please refer to the application form or your local council for more information.

You cannot apply for a rebate if:

- the property is a farm, or is used principally for commercial, industrial or business purposes; or
- the property is a rental property; or
- you have already applied for a rebate in the current rating year; or
- you do not qualify as the legal ratepayer.
